### Bug Hunter:

Objective: The objective of the contest is to improve participants' problem-solving & debugging skills, enhance their understanding of programming concepts, and develop their ability to identify and fix errors in code. In this event, participants will be presented with a series of programming challenges, each containing hidden bugs and errors. The task will be to carefully examine the provided code, identify the issues causing the program to malfunction, and implement the necessary fixes to make it run correctly.

Pattern: System Based Test
